

Prod - Bug #1254

Agritek web: After harvested the farm crop is displaying under sos and incident with empty crop and farm images in production.

02/24/2021 06:31 PM - Pragati Patil

Status:	New	Start date:	02/24/2021
Priority:	4-Medium	Due date:	
Assignee:	Sravan RHK		
Application:		Severity:	2-High
Description Steps to reproduce:- 1-Open agritek app and submit one crop 2-Approve the crop from the web then go to agritek app and submit all the collection point (make the crop as harvested status) 3-Open agritek web 4-Click on-farm report then click on harvested/dsisester farms 5-Select the harvested farm and click on eye icon then click on sos/incident 6-harvested data is displaying with empty farmer and farm images Expected result: harvested data should not display under sos/incident Actual result: After harvested the farm crop is displaying under sos and incident with empty crop and farm images in production.
