Status:	Closed	Start date:	06/01/2021
Priority:	3-High	Due date:	
Assignee:	Hardi B	Spent time:	0.00 hour
Application:		Severity:	2-High
Description Steps to reproduce: 1-Open agritek app 2-Click on Cultivator 3-Click on farm boundaries Search for land number (2 lands is displaying) 4-Fill rest of the field and Submit the crop(Complete both crop) 5-after submitting search the same number under farm boundaries 6-land is not displaying Expected result: If one farmer has two lands one land already booked then should display one land if we search the same number next time. Actual result: :When farmer is having two lands, submit mixed crop for the first land -> Search for the second land -> the Second land is not displaying in search under cultivator
