Trader - Bug #1600

youkta app: If sale created with particular pin codes, in app other pin codes payment is accepting

06/08/2021 01:19 PM - Noor Zahara Errum

Status:	New		**Start date:**	06/08/2021
Priority:	4-Medium		**Due date:**	
Assignee:	Harsh Bhalodiya			
Application:			**Severity:**	

Description

1. open youkta admin
2. add sale with all details
3. in delivery pincode add some pincode
4. open youkta app
5. place order with other valid pincodes which was not added during add sale

Expected result
Picnodes should not accept and should not place order

Actual result
Picnodes accepting and can place order
