Status:	New	Start date:	08/28/2021
Priority:	4-Medium	Due date:	
Assignee:		Spent time:	0.00 hour
Application:		Severity:	
Description Steps to reproduce:- 1-Launch agritek web 2-Click on any feature(ex-cultivator) 3-click on Exception 4-in header exception is displaying but page is displaying cultivator. Expected result: Should display the Exception page. Actual result: when clicking on Exception tab only page heading changed and the previous page remains as it is for group manager.
