The screenshot shows a web browser window with multiple tabs. The active tab is 'traderdev.btagribiz.com/app/#/buyer'. The page displays the 'YOUKTA' logo and a navigation bar with links to Dashboard, Trader, Transactions, Usermanagement, and Profile. The main content area shows a form for adding a seller. The form has two columns. The left column contains: 'GST Registration Details*' (text input), 'Date of Incorporation*' (date picker), 'Contact Person Name*' (text input), and 'Contact Person Email*' (text input). The right column contains: 'Pancard Number*' (text input), 'License particulars of the firm*' (text input), and 'Contact Person Number' (text input with the value '7848658465'). At the bottom left of the form is a red 'Cancel' button, and at the bottom right is a blue 'Next' button. A Windows watermark 'Activate Windows Go to Settings to activate Windows.' is visible in the bottom right corner of the browser window.

6.contact person number is displaying

1. Open seller
2. click on add sale and fill the details
3. click on cancel button
4. click on add sale, old details are displaying

Expected result:

contact person number and details should not display

Actual result:
