

Agritek - Bug #262

Farmer App: Farmer Sign-up doesn't have an option to confirm when confirmation code delayed or application closed before confirmation

09/19/2020 05:22 PM - Dwarakanatha Reddy

Status:	New	Start date:	09/19/2020
Priority:	3-High	Due date:	
Assignee:	Naresh Vanaparthi	Severity:	
Application:			
Description			
Steps to Reproduce:			
1. Open Agritek farmer app			
2. Click on sign up			
3. Fill all the details and click on Sign-up			
4. You will be directed to Confirm Sign-up page			
5. Close the app			
6. Reopen the application and login with newly signed-up farmer credentials			
Expected Result:			
1. User should be having an option to update confirmation code and complete the user sign-up process			
2. Multiple verification codes are getting when user clicks multiple time on 'Send' button in forgot password page			
Actual Result:			
Application is displaying the message "User is not confirmed" and doesn't have an option to confirm
