Trader - Bug #912

item ship and update sale make sure notifications should not come at a time

01/04/2021 02:17 PM - Noor Zahara Errum

Status:	New	**Start date:**	01/04/2021
Priority:	4-Medium	**Due date:**	
Assignee:	Lalitha Chaitanya A		
Application:		**Severity:**	

Description

1. open buyer/trader
2. click on trade in products
3. send offer with payment of mandate amount
4. open seller negotiate the offer
5. open buyer negotiate the offer
6. open seller and accept the offer click on ready to ship
7. open buyer and do partial payment(delivery waiting status)
8. open seller and release order
9. open seller click on ship the item
10. click on item ship
11. edit and update the sale

Expected result
when item is ship notification should come as "item shipped"
category is missing
after edit and update/close the sale notifications comes as "sale updated/closed"

Actual result
when item is ship it ask for edit and update/close the sale notifications comes as "item shipped" and "sale updated/closed"
category should be display
